INTER STV SEMINAR

Your StV is committed and has travelled to the InterStV seminar together with the StVs of the other courses. In addition to some tips on how to better support you, we also strengthened our team spirit. There will therefore be even more joint projects (bridge festivals) in the future. Our mascots also welcome a new friend (FW/HNT).

SEMESTER OPENING PARTY

We are delighted that our first semester party as the new StV in Flucc was a great success, as our photographer Peter Zeschitz captured in the pictures ([Link1](#)).

A big THANK YOU also goes to the many helping hands who made this success possible in the first place. We hope that you will be back at the next big event.

Environmental News

The deposit system has finally been decided. By 2025, there will be a 25 cent deposit on all disposable cans and disposable plastic bottles in Austria. Beverage cartons are also being considered. This is an important step towards more recycling and less waste in the environment.

CULTURE

THE YOUTH CLIMATE CONFERENCE

VFrom 10-12 November, the Youth Climate Conference will take place at the University of Applied Arts Vienna under the motto "Shape The Change - the power within society". You can expect a weekend full of panel discussions, workshops and talks with politicians, including Leonore Gewessler, Stefan Gara, Carina Reiter and Lukas Hammer. You want to be there too, then register via [Link3](#).

BOKU NACHHALTIGKEITSTAG

Tuesday, 07.11.2023 is already the 9th BOKU Sustainability Day. You can expect a climate poetry slam, some interesting workshops and a panel discussion: "Democracy in the climate crisis". Not to be missed.

PODCAST

"Listen to who is changing the world" is a podcast by UBRM students that deals with sustainable and interdisciplinary topics. In their latest podcast episode "EU supply chain law: everything you need to know", they take you on an exciting journey into the world of global supply chains. They have teamed up with Anna Leitner from Global 2000. You can find the podcast on Spotify via [Link4](#). If you have any ideas, questions or suggestions, please get in touch at: podcast@oehboku.at
