## LAUBHAUFEN-MEETING

You don't just want to study, you want to experience the university.

You want to help shape everyday life, connect with others, support existing events or create your own events?

Then come to the "Laubhaufen". Everyone is welcome here, whether with their own ideas or just to network. Our next meeting is on 12.10. in SCHWH-EG SR06. Start: 16:30.

Do you have any questions? Then just send us an email.

## UNI DA - UBRM SEMESTER OPENING

The "UNI" is "DA" again, so it's time to party! Together with Magika we will host our legendary UBRM Semester Opening Party at Flucc starting at 21:00. So, mark the 20.10. in your calendar!

We are in full planning mode, so look forward to an unforgettable evening.

Everyone who doesn't just want to be there, but would also like to help us make it happen, is welcome to contact us. We are happy about every helping hand!

## OPEN MIC

You want to perform in front of your university colleagues at our 5th Open Mic?

As a musician, poetry slammer or comedian, you can expect a pleasant ambience and a great atmosphere in which you can participate yourself! 🎤 🎧

Please register under the link above and come to TÜWI Beisl on 23.10. at 7 p.m. ✨

Also as a listener, or fan of these 'talents' you are again more than welcome!

## ALT QUESTIONS/BOKU BOX

Still the future of the UBRM forum is uncertain, but we do not give up hope. Until then there is still the Bokubox (link above). Also, please feel free to email us current memory logs (no photos!) and summaries so we can keep the collection up to date.

## FILMDAYS HUNGER.MACHT.PROFITE

In October, the Hunger.Power.Profits. film festival will take place again. Films about smallholder agriculture, the causes of hunger and the human right to food will be shown.

Following the screening, film discussions will take place, giving the audience the chance to exchange ideas with representatives of professional organizations and practitioners.
